**Bahama Islands. Natural history.**

411  
C23N

- Catesby, Mark, 1680?-1749.  
The natural history of Carolina, Florida and the Bahama Islands: containing the figures of birds, beasts, fishes, serpents, insects, and plants: particularly the forest-trees, shrubs, and other plants, not hitherto described, or very incorrectly figured by authors. Together with their descriptions in English and French. To which, are added observations on the air, soil, and waters: with remarks upon agriculture, grain, pulse, roots, &c. To the whole, is prefixed a new and correct map of the countries treated

v. 17 Bailey, Jacob Whitman, 1811 - 1857.  
Gray, Asa, 1810-1888, ed. ... Botany ... 1874. (Card 2)  
The first part, *Cryptogamia*, was printed in or before 1862. Of these  
parts, *Musci*, by W. S. Sullivant, was published in a separate edition in  
1859, with letterpress in folio to match the plates. Extra copies of the  
other three parts (*Lichenes*, *Algae*, and *Fungi*), and the plates of Torrey's  
*Phanerogamia* were secured by Asa Gray and distributed among botanists.  
When the volume was finally published in 1874, he also secured copies of  
Torrey's *Phanerogamia*, and had the four parts, with the folio plates folded,  
bound in one volume, with title: U. S. Exploring expedition botany.  
1. Lower *Cryptogamia*. 11. *Phanerogamia* of the Pacific coast of North  
America. It is an imperial 4to of 420 pages and 29 plates. cf. Amer. jour.  
sci., 3d ser., viii (1874) p. 321-322.  
The contents of this volume (17) are therefore to be found in various  
forms:

(See next card)

 Ag864A U.S. Dept. of agriculture. ... Atlas of American agri-  
 culture ... 1936. (Card 2)  
 Errata leaf attached to fly-leaf: The section, Frost and the growing  
 season, is incorrectly pagged. The section is complete as here bound—  
 one introductory sheet followed by 12 pages.  
 The present volume is the first completed part of the original plan of  
 the Atlas of American agriculture which was begun 20 years ago. The  
 sections included in this volume, except Land relief, were previously  
 issued in separate forms as Advance sheets. In 1933 coincident with the  
 publication of the section, Soils of the United States, the earlier Advance  
 sheets on physical conditions were reprinted and with the inclusion of  
 the sections Soils and Land relief comprise The physical basis ... of  
 the United States. For more detailed historical information, see Intro-  
 duction.
